from the Controller, State Accounts Dept

Intimates that the A city corporation not forwarding the embezzlement reports to Govt & suggests that it would be desirable that such reports are sent to Govt

1 Of the provisions of the M C A C VIII are not applicable & if even the provisions of Rule 16 of M A M is not applicable to which the necessary rule should be so amended as to make it obligatory on the part of the corporation also to submit the report of embezzlement of public money including Municipal revenue the Govt of such a report is not made the necessary reserve will be absent & that would mean giving a free scope for such occurrence Hence necessary action may be taken in the above sense to amend the rules in the M A M so as to make the provisions of Rule 16 of M A M applicable to the local bodies

Re: forwarding of embezzlement reports to the Govt

14) Under Section 43 (c) of the City of Bangalore Municipal Corporation Act no Govt may at any time require the Corporation or the Commissioner to furnish or obtain any Report Hence an order may be issued that all embezzlements of Corporation funds must be reported to Govt by the Commissioner for orders

16) The inclusion of the words at any time, in sec 43 (a) is significant. They appear to indicate that in any particular contingency, the Government may require from the liquidator or the commissioners any of the particulars mentioned in the said (a), (b) and (c) of that section that section does not contemplate the case of a general order The difficulty may perhaps be overcome by suitably amending under sec 365 (c) and (f), whereby it under sec 43 (c), a report may be required in any particular case

necessary action may be taken to amend the Rules in the Municipal Accounts Manual so as to make the provisions of Rule 16 of the M A M applicable to all the Local Bodies excluding the B'lore Corporation. On further examination such a course was not found feasible particularly as the B'lore corporation to which the question of late file immediately refers, since the provisions of the corporation Act does not permit of such an application of the M A M Rules

19) The Local Govt has agreed with to secure the objective of compelling the corporation to submit the Reports of embezzlement of corporation money to the Government, Rules prescribing the submission of such Reports in specified matters and at specified times have to be framed under Sec 43 read with Sec 365 of the corporation Act

20) The power to make Rules under Sec 365 is subject to the conditions prescribed in Sec 366 of the Act, viz:

(a) A draft of the Rules shall be published in the official gazette and forwarded to the Corporation for its opinion - the Corpn is not to favour of the proposal

(1) Half yearly statement of Allowances and Advance

advance Increments sanctioned by the Corporation showing the salary of the employees prior to and after sanction

30) Section 84 of the Corporation Act empowers the Corporation to fix the salaries and allowances of its employees other than the heads of departments although appointments to posts carrying a maximum monthly salary exceeding Rs 250/- require the sanction of Government The Corporation can also sanction advance increments to officials who hold posts which can be created by the Corporation Some instances in which the Corporation has sanctioned comparatively high allowances have been reported to Government in this Office letter No 2314/C S A dated 22 8 1951 If a statement of the allowances and advance increments sanctioned by the Corporation is obtained, Government will be in a position to review the manner in which the Corporation is exercising ~~xxx~~ the powers delegated to it and to secure that allowances are not sanctioned which are prima facie against the principles of financial propriety Such a statement may be required to be sent halfyearly

(2) Quarterly statement of estimates exceeding Rs 10,000/- sanctioned by the Corporation

31) Prior to the constitution of the Corporation, estimates exceeding Rs 5,000/- were being sent to Government for approval and they were being got scrutinised by the Chief Engineer before sanction Now estimates exceeding Rs 50,000/- require the sanction of Government and all other estimates are sanctioned by the Corporation or other lower authorities This virtually means that whatever design, plan or specification is proposed by the Corporation Engineer is automatically sanctioned by the competent authorities, as it is clearly impracticable for non-official and non-sectional bodies to

Subject - Audit of the Revenue Accounts of the Bangalore City Corporation (Civil Station Area) in connection with the alleged embezzlement of excess water charges collected by Sri T P Govindaraju Bill Collector (now under suspension)-

---

In continuation of this office letter No 1224 dated 22-6-51 on the above subject, I write to state that it is reported by the Auditor, Bangalore City Corporation that he requested the - - Commissioner in his letters No 142/C A dated 21-6-1951 and - - No 308/C A dated 22-8-51 to intimate whether the above alleged misappropriation had been reported to Government as required - - under Article 37 of M C A C Volume I and as per rule 16 of M A M and that the Commissioner replied in his letters No G1 1798/51-52 dated 27-7-51 and G1 4881/51-52 dated 13-9-51 that it is not obligatory under the Corporation Act to intimate Government cases of embezzlement and that M C A C is not followed in the - - - Corporation The Commissioner has also stated that Rule 16 of the M A M is not applicable to the Corporation The copies of letters written by the Auditor and of the replies of the - - Commissioner are enclosed for perusal

In this connection, I write to state that no separate Account Code has been compiled applicable to the Corporation transactions In the absence of such a code, existing rules of M C A C and M A M have to be applied and are being applied unless they are repugnant to any specific provision in the Act Article 37 of M C A C Vol I and M A M Rule 16 require that a report should be sent to Government in all cases of embezzlement of public money including Municipal Revenue No report appears to have been made to the Corporation also in this case

A report to Government of the embezzlement of Corporation money appears necessary not only to keep Government informed of the extent of loss but also to enable them to find out after the necessary investigation into the modus operandi of the fraud whether the irregularity which occurred is due to any defect in rules or due to neglect of the officers concerned and to take action to alter the rules if found necessary

This is reported to Covernment for taking such action as is necessary to get reports of embezzlements of Corporation funds or loss of stores It is necessary that, if and when separate financial rules are framed applicable exclusively to the Corporation transactions, a clause ~~regarding~~ in this regard is included therein

Yours faithfully,

Controller 22/9/57

Copy of Office Note dated 22nd May 1952

The Government in their letter dated the 21st April 1952 are seeking the opinion of the Corporation with regard to the framing of certain rules as detailed below under section 366 (a) read with sections 42, 43 and 365 of the Corporation Act prescribing certain reports and returns to be submitted to the Government -

1 Reports of embezzlement of Corporation money immediately after discovery

2 Quarterly statement of Demand, Collection and Balance of assessed and other taxes

3 Quarterly statement of posts created on salaries below Rs.100/- per mensem

4 Annual Inspection report of the Corporation offices by the Commissioner

5 Confidential reports on the work of officers whose maximum salary exceeds Rs.250/- per mensem

6 Quarterly statement of estimates exceeding Rs.10,000/- sanctioned by the Corporation and Standing Committees

7 Quarterly statement of contributions due to Government departments and amount paid

8 Quarterly statement of advances and loans due to Govt and amount paid

9 Quarterly statement of contributions due to Corporation from several departments of Govt and amount received

10 Half yearly statement of allowances and advance increments sanctioned by the Corporation showing the salary of the employees prior to and after sanction of such allowances and advance increments

11 Annual Administration Report

12 Budget Estimates

It will be seen from the above that items Nos 1,2,4,7,8 and 9 are of routine nature and in the previous set-up of the two Municipalities especially in Civil Station, no such returns were sent But as there is nothing prohibitive in the Act, they may be sent and the draft rule in this regard may be approved

With regard to items Nos 3, 6 and 10 the draft rule is not in order The Corporation is an autonomous body and the powers under these heads are exclusively vested in the Corporation and the Government need not interfere in any way As a matter of fact the Madras City Municipal Act which is the parent Act for the City of Bangalore Corporation Act has given to that Council far more powers and the Government even there, Government do not interfere in such cases

As regards item No 5, the confidential report on the work of such officers who have been lent to us, can alone be sent to Government and this is being done even now The reports of other officers need not be sent as they are Corporation employees The rule in this behalf should be suitably amended

Item No 11 Annual Administration Report

It is laid down in section 42 (1) of the Act that as soon as may be after the 1st day of April in every year and not later than such date as may be fixed by Government, the Corporation should submit to the Government a detailed report of the Administration The Government have now fixed the 5th July of each year for the submission of the Administration Report It is found from experience that it is not possible for us to forward the report within 3 months from the date of the closing of the official year (31st March) The departmental reports from the various

sub-ordinate officers have to be collected and a consolidated report has to be prepared and got-printed and placed before the Corporation for consideration and then a copy of the report together with a copy of the Corporation resolution has to be sent to Government We may, in the circumstances, suggest 15th September of each year as the date for the submission of the Administration Report

Item No 12 Budget Estimates

Under section 167 (1) of the Act (as modified) the Corporation should finally pass the budget at least three weeks before the beginning of the year to which they relate and then forward a copy to the Government The passing of the budget this year has been delayed In future, the programme of dates prescribed in sections 163 to 166 for the preparation of the budget, its consideration by the Standing Committee and the Corporation will be strictly adhered to and arrangements made to have the budget passed before 1st April each year

o The matter is placed before the Corporation.
